Marketing B.B.A. Degree
Music Marketing

Marketing is increasingly the critical force driving today’s successful business. Marketing is at the core of overall strategy for manufacturers, service companies, and not-for-profit institutions. Every successful organization recognizes an effective marketing program as a necessity for providing a high level of customer satisfaction and in turn the achievement of organizational goals. All organizations seek highly motivated, professionally educated marketing specialists to design and execute their customer driven marketing programs.

This is your opportunity to become a member of the marketing team in an organization (industry) that truly interests you, such as: professional sports teams, lodging, travel, tourism, art institutes, entertainment, museums, health care, religious and human services organizations, charitable institutions, music merchandising, and the traditional manufacturing and retail trades.

Careers in marketing fields are expected to grow much faster than the average for all occupations according to U.S. Bureau of Labor Statistics. Of the many career paths chosen by business graduates, marketing is the single largest employment category in the U.S. labor force.
